## TREAT WITH REBELS

DUBAN GOVERNMENT DECIDES TO  
NEGOTIATE WITH THE IN-  
SURRECTIONISTS.

## STORMY MEETING IS HELD

MEMBERS OF MODERATE PARTY  
BITTERLY DENOUNCE AMER-  
ICAN MEDIATORS.

Havana, Sept. 27.—The government  
party Wednesday night abandoned its  
basic contention that it is impossible  
to treat for peace with armed rebels  
and proposed to negotiate with a  
committee of its opponents. It  
agreed to leave all disputed points to  
the final arbitration of Secretaries  
Taft and Bacon. The government first  
suggested that it would treat with the  
Liberals if they would lay down their  
arms. But the American commissioners  
ruled this stipulation unfair and  
the Moderate representatives accepted  
this view. Secretary Taft was greatly  
pleased and made the following  
statement for publication Wednesday  
night:

"My impression is that we are much  
nearer a solution of the trouble to-  
night than we were last night."

It was announced also that the negotia-  
tions to be opened between the  
committees would be without refer-  
ence to the terms previously proposed.  
The time and place for the first meet-  
ing is to be determined by Secretary  
Taft.

It is beyond question that both par-  
ties were brought to a more tractable  
frame of mind by the verbal ultimatum  
offered by Messrs. Taft and Bacon  
when presented in the name of Pres-  
ident Roosevelt. The hat unless they  
submitted to a fair arbitration the United  
States would compel it by a temporary  
military occupation. Such an occupa-  
tion, it was declared, would not mean  
American sovereignty. It would con-  
tinue only until new elections had  
been held, the new government firmly  
established and order restored.

Agreed to Treat With Liberals.

Within an hour of the receipt of this  
ultimatum the Moderate assembly  
agreed at the end of a stormy session  
to the suggestion of treating with the  
Liberals. The conservative Moderates  
threatened the disruption of the party  
unless the Radicals consented to treat  
with the American commission and  
this also is believed to have had an  
important bearing upon the decision.

It is understood that President Palma  
does not intend to withdraw his  
resignation but it is predicted that  
congress will table it indefinitely. The  
decree convening congress on Friday  
to act upon the resignations of the  
president, vice president and others  
was issued Wednesday.

Whatever the outcome of the negotia-  
tions between the Liberals and  
Moderates may be, it is felt here that  
there will be need for all the American  
marines within reach, as there is little  
confidence in the ability of the rebel  
leaders to control their men when or-  
dered to give up their arms and re-  
turn to their homes.

Asked why it had been decided to  
send federal forces to Cuba, Secretary  
Taft said this was in anticipation of  
probable trouble. Continuing, he de-  
clared that if necessary landing would  
be made not only at Havana and Cien-  
fuegos but at other points in order to  
police the entire island.

It is understood by the committees  
of the two parties that unless an  
agreement is reached this week armed  
American intervention will ensue.  
The Moderates declare that the ap-  
pointment of a committee to negotiate  
with the Liberals does not mean the  
conceding of new elections. The dis-  
position to get together is strong.

MODERATES HOLD A MEETING.

Speakers Condemn the United States  
Mediators.

Havana, Sept. 27.—A meeting of the  
Moderate national assembly was  
hastily called Wednesday afternoon to  
discuss whether some way cannot yet  
be devised to settle the present diffi-  
culty without American intervention.

The meeting was held at the resi-  
dence of Senor Dolz, president of the  
Senate. More than sixty persons were  
present. They included Vice Presi-  
dent Mendez Capote, nearly all the  
members of the cabinet, many leading  
senators and representatives and sev-  
eral officers of the rural guard.

No sooner had the meeting as-  
sembled than the pent-up indignation  
against the American peace commis-  
sioners broke forth. Several men be-  
gan in loud voices and at the same  
time to condemn Secretary of War  
Taft and Acting Secretary of State Ba-  
con, who were declared to have shown

partiality towards the rebels and dis-  
crimination against the Moderates.  
The speakers shouted their denuncia-  
tions and hotly insisted that the Med-  
erate party should appeal to the world  
for protection against the United  
States.

It was declared that the government  
forces should fight to the death rather  
than submit to terms insisted upon by  
the rebels and one speaker depicted  
the horrors of negro domination, which  
would result, he said, from the threat-  
ened Liberal ascendancy brought  
about with the alleged assistance of  
the United States.

One of the most radical asserted  
that the government has plenty of  
dynamite in Havana, which would be  
used to precipitate the international  
complications that accrue from the  
destruction of foreign property. Sev-  
eral prominent men said that by using  
dynamite they could bring about in-  
tervention by Germany, or perhaps by  
Great Britain, while others declared  
that they knew that the foreign diplo-  
mats here would favor such a course,  
and it was argued that the destruc-  
tion of the German bank and the dam-  
aging of English railroad property  
would soon result in European Inter-  
vention. Certain American properties  
were specifically mentioned as conven-  
tient for such attacks. Several speak-  
ers even said that they would prefer  
Germany or Great Britain in Cuba to  
the United States.

Settled Down to Business.

This talk subsided after an hour and  
a half and the meeting settled down to  
consider whether it is possible to re-  
open the negotiations with the peace  
commissioners. The one point upon  
which the meeting was unanimous  
was that the cardinal conditions of the  
reopening of negotiations should be  
that the Moderates insist that the  
commissioners require the rebels to  
lay down their arms before proceeding  
to negotiate. After a brief con-  
sideration in which no difference of  
opinion was shown, it was agreed that  
Acting Secretary of the Interior Mont-  
alvo should visit the American com-  
missioners and acquaint them with the  
party's insistence on this condi-  
tion.

Senor Montalvo therefore proceeded  
to the American legation and submit-  
ted this condition to Messrs. Taft and  
Bacon, adding that if the proposition  
was not acceptable to them, the gov-  
ernment forces would refuse to lay  
down their arms or deliver them either  
to the rebels or to the commissioners.  
He reminded Secretary Taft that  
the commissioners were mediators for the  
island and that the steps taken to  
this end by the commissioners should  
be bounded by the provisions of the  
Cuban constitution. The resolution  
proposed by the commissioners, Senor  
Montalvo asserted, were conductive not  
to peace, but to war, as such solution  
offered incentive to further revolutions  
as a result of the victory the revolution-  
ists would obtain through the ac-  
tion of the commissioners. Senor  
Montalvo concluded with these words:

"Only on a basis of law and justice  
can the Moderates continue treating  
for peace."

Presented a Proposition.

In the meanwhile Senor Dolz had  
been sent for by Secretary Taft. He  
appeared at the American legation and  
made the following proposition, re-  
questing the opinion of the commis-  
sioners thereon:

"That both sides appoint commit-  
tees of six to treat for peace, but as  
a prior condition the rebels lay down  
their arms."

Secretary Taft approved of this with  
the exception that it was unfair to  
make the rebels lay down their arms  
before the acceptance by both parties  
of a formal agreement to abide by the  
terms of the ultimate decision. Senor  
Dolz returned to the assembly and re-  
ported the result of his efforts.

After the conference the assembly  
held a hasty meeting, discussed the  
views of Secretaries Taft and Bacon.  
The assembly precipitately withdrew  
from the contention that the rebels  
must disarm and resolved to notify  
Secretary Taft that they would ap-  
point a committee of six to meet a  
similar committee from the Liberals to  
negotiate terms of peace, leaving the  
points on which no agreement could be  
reached to the arbitration of the  
American commissioners. The assem-  
bly directed that Secretary Taft be  
requested to notify the Liberals of  
this arrangement and to arrange for  
the appointment of a similar commit-  
tee by the rebels and to fix a time and  
place for the meeting.

It is believed that at the extra-  
ordinary session of the assembly on  
Friday, that the resignation of Pres-  
ident Palma will be tabled pending the  
outcome of the negotiations with the  
rebels, which might obviate the neces-  
sity of his leaving office.

Look for a Settlement.

Washington, Sept. 27.—While not  
abating in any degree the preparation  
for transporting troops to Cuba in ac-  
cordance with the wishes of the presi-  
dent, the army and navy officials here  
are of the opinion that Secretary Taft  
will succeed in effecting an arrange-  
ment which will obviate any necessity  
for landing American soldiers on Cu-  
ban soil.

## STENSLAND IN PRISON

SELF-CONFESSED EMBEZZLER BE-  
GINS SERVING HIS SEN-  
TENCE IN JOLIET.

## MAKES A FULL CONFESSION

BANKER'S REVELATIONS SAID TO  
MAKE AFFAIRS LESS DARK  
FOR HIMSELF.

Chicago, Sept. 27.—Paul O. Stens-  
land, to whose self-confessed embezzlement  
of \$400,000 was due chiefly the  
collapse of the Milwaukee Avenue  
State bank, was given an indeterminate  
sentence in the penitentiary within  
three hours after his arrival in Chi-  
cago Wednesday from the East and before  
another three hours had elapsed  
he had begun service of the sentence  
at Joliet. Stensland pleaded guilty  
on two indictments, one charging em-  
bezzlement and the other charging  
violation of the state banking laws. A  
fine of \$120 was imposed on the latter  
charge, which was based upon the ac-  
ceptance of \$60 in deposits after the  
bank was insolvent. The sentences,  
which will operate concurrently, are  
from one to five and one to ten years,  
making the longest term the prisoner  
will be compelled to serve not more  
than ten years.

Stensland's arrival was awaited by  
a crowd of several hundred persons  
who watched for the Twentieth Century  
Limited, on which the prisoner  
and his captors were passengers.

To reach the cabs which were to  
convey the party to the criminal court  
building, it was necessary to wait for  
the police to clear a passage to the  
street. The crowd was demonstra-  
tive, although offering no violence and  
the effect upon Stensland was notice-  
able. He seemed apprehensive of  
bodily harm.

At the criminal court building  
State's Attorney Healy was awaiting

and the prisoner was hurried, haggard  
and trembling, between a double line  
of police into the private office. The  
doors were closed to outsiders and a  
conference lasting over an hour en-  
sued. The corridors were crowded until  
an additional force of police and de-  
puties was summoned and the on-  
lookers driven out.

Made a Full Confession.

What Stensland made known to the  
state's attorney was not divulged.  
After the conference Mr. Healy said:  
"Stensland made a full confession  
of everything connected with the af-  
fairs of the bank. He has told us of  
his own acts and of the acts of others.  
What he has revealed makes the bank  
affairs less dark for himself."

The court proceedings which fol-  
lowed were conducted hurriedly. Si-  
lence fell over the courtroom as Stens-  
land faced the bar. His form was  
shaken with emotion and he kept a  
handkerchief in his hand and fre-  
quently brushed away the tears that  
sprang to his eyes. Judge Kersten,  
before whom the proceedings were  
conducted, addressed the prisoner,  
whom he had known for many years  
as a citizen and business man. He  
reviewed the case briefly and asked if  
Stensland had any defense to offer.

Upon receiving a negative reply the  
court passed sentence and without  
further ceremony Stensland, the  
deputy sheriff's and the state's attor-  
ney filed out of the courtroom. Stens-  
land was unaccompanied by friends or  
attorney during the entire procedure.

Stensland was joined by his daughter,  
Mrs. Inga Sandberg, as he left the  
courtroom and after having had din-  
ner at a nearby restaurant, they, accom-  
panied by Jailer L. Whitman and  
Deputy Sheriff McMahon, went to the  
railway station. Four hours after his  
arrival in the city Stensland left for  
Joliet. The party left the train at a  
station five minutes' walk from the  
penitentiary entrance and before 3  
o'clock all the routine necessary to  
commit the convicted man to a cell  
had been completed.

Mrs. Sandberg, who seemingly was  
moved by the evident distress on  
the part of her father, fainted in the  
warden's reception room at the pen-  
itentiary.

Fatal Storms in Spain.

Disturbance in Mexico.

Monterey, Mex., Sept. 27.—It is re-  
ported here that a disturbance, the  
nature of which cannot be ascertained,  
has occurred at Diaz, Mex., opposite  
Eagle Pass. Two hundred cavalry-  
men have been sent from Saltillo to  
Diaz.

Forecast—Partly cloudy and warmer tonight and Friday.

MCCLEARY's majority for congress dwindled down to 279, almost too close for comfort.

THE 52d district will be represented in the state senate this winter by D. M. Gunn, of Grand Rapids, who was an easy winner at the primaries.

THE voters of this county should remember that if they voted at the primary election it bars them from signing a petition for an independent candidate. No person who was a candidate at the primary election can become a candidate at the general election.

THERE is something of a mix-up in Cass county over the official count of the ballots, and as a result C. E. Griffith has been declared the winner of the nomination for auditor by one vote. Several precincts were thrown out on the ground of irregularity and it is understood that a contest will ensue.

JUDGE TIEFF, the democratic nominee for congress in the Sixth district, has finally decided to make the race for the election and will commence an active campaign. A meeting of the faithful at St. Cloud was held Monday afternoon at which time the situation was gone over. It is but natural that the democrats having a candidate should urge him to stay in the race in order to strengthen their state ticket, but his chance of election is so remote that it is not worth considering. The Sixth district will be represented in congress by a republican and his name is C. A. Lindbergh.

### A HARD PROPOSITION

The Little Falls Transcript says the democrats who are planning a campaign for their party candidate for congress in this district are up against a rather hard proposition. The district is republican by nearly 10,000 majority.

### MURDERED IN A HOTEL.

Woman Shot to Death in Bed in Min-neapolis.

Minneapolis, Sept. 27.—Dead, and with a bullet wound in her head to show the manner of her death, Mrs. Henry Sussman, twenty years of age, was found lying in bed in a room at the Glenwood hotel, No. 9 Washington avenue north. A search is now being made throughout the Twin Cities for the woman's husband, who was with her on Tuesday night and is believed to have remained at the hotel a greater part of the night or perhaps until morning.

Although the hotel was well filled with guests on Tuesday night and rooms near the one in which the tragedy occurred were occupied, no one heard the report of the 38-caliber revolver from which the fatal bullet was fired, and the time of the crime is not known.

The woman and man were strangers at the hotel when they went there about 10:30 o'clock Tuesday night and registered as Mr. and Mrs. Fred Tyler. They were both residents of Minneapolis and their married life is said to have been unpleasant.

## PEA VINE TRAIN WAS WRECKED

Seven Cars Jumped the Track  
Three Miles West of Little Falls Last Night.

FOUR CARS WERE TURNED OVER  
Accident Said to Have Been Caused by Spreading of the Rails.

The Pea Vine was wrecked late yesterday afternoon three miles the other side of Little Falls, near the old brick yard. The accident is said to have been caused by the spreading of the rails and seven cars jumped the track. Three remained right side up but four were overturned. They consisted of one car of butter, one of flour and two of grain. The track was torn up for several car lengths, and it required all night of hard work to clear the track for traffic.

Engine 422, with engineer Wallace in charge, left Brainerd early in the evening for Staples to get the wrecker and struck a string of cars in the Staples yards. Very little damage is reported done.

The crew of the Pea Vine, of which Desch was conductor and Reilly engineer, returned this morning and went to Morris so as to be on their regular run and the train was abandoned between Brainerd and Little Falls. One of the big 23's from Staples took the Pea Vine's loads out this morning.

## MRS. WILLIAMS PROTESTS INNOCENCE

Letter Received by Brainerd Party from Woman Serving Life Sentence

### DECLARES SHE IS NOT GUILTY

Of the Crime of Murdering Her Little Daughter for which She was Convicted

A Brainerd party has received a letter from Mrs. Myra Jane Williams now serving a life sentence for murdering her little two-year-old daughter. Mrs. Williams seems to have mixed John Berg, who was killed recently near Longville with John Burrig, who was mixed up in the affair with her. The crime for which she is serving was committed the night of the 22d of August, 1903. The letter reads in part as follows:

Stillwater, Minn., Sept. 23, 1906.

Dear Friend—It will be just one year ago the 21st of next month since I received your kind and welcome letter. I wrote to you shortly after but have received no answer from you, so I thought I would write to you today. I hope this will find you all well at present. I have a bad cold and don't feel like doing anything. Jimmie Williams was here to see me the 4th of this month. He said Albert was married again but that he did not get a divorce, but I don't care, for as you know he never done anything for me and perhaps if he had done so long ago it would have been better for me for I don't think I would have to be sitting here as I am today if he had not went away and I had not been turned out of home with my dear baby to wander with no place to go, as I did three years ago. Just think of it, I have not one friend left now to do one thing for me. I tell you it is hard indeed. If only one of my friends, that were friends to me could see me now they wouldn't wonder why I always felt so bad when I was there in Brainerd. I am alone now in the world and I only trust that some day God may show me a way out again to enjoy liberty. Tell my friends I would like for all of them to write to me as I very seldom get a letter from anyone and now since Albert got married again no one writes to me at all. I am trying to do the best I can here but you don't know how discouraging it is at times. I often think of those that were so good to me there in Brainerd. I very seldom hear a word from my attorney, he wrote to me the first of May but I haven't heard since. Oh, if only I had been given justice I would never been put in here as I was. I see by the Brainerd Tribune that Berg was killed. He certainly told some very bad stories about being with me on the night of my trouble, but never mind. God is good and there will come a time when the world will know the truth but as God is my witness and judge I am not guilty of that awful crime. I am glad I have Jesus for a friend for I have no one else to go to that loves me like He does at the present time. My attorney said when I could get the money he would do all he could for my release for he thought I was innocent. And God knows I am, but I have not anyone now

to help me and I havn't got it myself—

and you must know how I feel. But still I keep up the brightest hope that is possible in my situation, and surroundings. I am your friend.

### STEAM SHOVEL IN THE DITCH

Train Carrying Steam Shovel North on The M. & I. was Ditched this Morning—One Man Reported Hurt

A freight on the M. & I. which left here with a steam shovel this morning was wrecked near Spur 75 this forenoon. But few particulars are obtainable but it is reported that one of the engineers on the steam shovel was hurt and was rushed to Bemidji for medical treatment. Fred Stillings was running the shovel but a new man joined them here and was also on the shovel and it is unknown which one was hurt, but as no name is given it is thought to be the stranger. He is said to be from the Red Lake road and is named Lynch. Further particulars are not obtainable at present.

#### AUTO HITS A STREET CAR.

Wife of the Grand Exalted Ruler of the Elks Fatally Injured.

Oakland, Cal., Sept. 27.—A large automobile driven by Carter Wall, an Alameda capitalist, collided with an electric car shortly before 6 o'clock at night at East Sixteenth and Ninth avenues. In the automobile were Mr. Wall, Mrs. G. R. French, a chauffeur, State Senator Lukens, Judge Harry A. Melvin, grand exalted ruler of the Elks of the United States, and Mrs. Melvin. Mrs. Melvin was thrown on a picket fence and probably fatally injured. Judge Melvin was thrown on

the cement pavement and painfully injured. State Senator Lukens was also thrown out and badly injured. Wall and the chauffeur escaped with a few scratches. Wall was driving the automobile at a fast clip down Ninth avenue when it plowed head on into a speeding electric car. The collision threw the automobile twenty feet into the gutter, but it did not roll over. No one on the street car was injured. The wounded were taken to a nearby house and physicians were quickly called to render assistance. Mrs. Melvin is in a precarious condition.

## HEARST IS NOMINATED

CHOICE OF THE NEW YORK DEMOCRATIC STATE CONVENTION FOR GOVERNOR.

## REPUBLICANS NAME HUGHES

NEW YORK CITY MAN OBTAINS THE NOMINATION WITHOUT A CONTEST.

Buffalo, N. Y., Sept. 27.—At a session which began at 7:45 Wednesday night and continued until 2:20 Thursday morning the Democratic state convention nominated a state ticket with William Randolph Hearst at the head of it. Mr. Hearst already was in the field as the gubernatorial nominee of the Independence League, which he was instrumental in organizing.

The Democrats also took from the Independence League ticket Lewis Stuyvesant Chanler of Dutchess for Lieutenant governor and John S. Whalen of Monroe for secretary of state. The other nominees, who have no place on the Independence League ticket, follow:

State treasurer, Julius Hauser of Suffolk; attorney general, William S. Jackson of Buffalo; state controller, Martin K. Glynn of Buffalo; state engineer and surveyor, Frederick W. Skene of Queens county.

Mr. Hearst was nominated with 309 votes, only 226 being necessary for a choice. Congressman William Sulzer received for governor 124 votes and John A. Dix of Washington received the complimentary vote of 17 delegates, making 450 in all.

#### In the Face of Bitter Opposition.

The nomination of Mr. Hearst was made in the face of the bitterest opposition ever waged in a Democratic convention in this state. The minority, which cast its ballots for Mr. Sulzer, has known for several days past that it was defeated. This fact was made sure in the last session when a test vote on the majority report of the committee on contested seats showed Hearst supporters in control. Under the guise of advocating the candidacy of Mr. Sulzer, several of Hearst's opponents amid storms of cheering and hissing, denounced and arraigned the man they knew was to be the party's candidate in the most remarkable series of speeches ever hurled at a man to be named for the highest office at the gift of a convention.

The advocates of Hearst answered these attacks, the most effective of the utterance in his behalf coming from Congressman Bourke Cockran of New York, who declared that Hearst was not his personal choice, but that the demand that he be nominated had come from every section of the state and was not to be denied.

It is said District Attorney Jerome of New York will repudiate Hearst and stump the state for Hughes, the Republican nominee.

#### HUGHES IS NOMINATED.

Choice of New York State Republicans for Governor.

Saratoga, N. Y., Sept. 27.—Expedition marked the second and final day of the Republican state convention. From the time early in the morning when it became known that Charles E. Hughes of New York would be nominated for governor by acclamation, the other proceedings practically became formal and were pushed to completion with speed. The selection of the remainder of the ticket and the choice of a new state chairman were accomplished before the convention assembled and it only remained for the convention to ratify all that had been arranged and to adjourn. The session lasted about two hours and in that time the permanent organization was effected, the chairman, State Senator W. W. Armstrong of Rochester, delivered his speech, the credentials committee report was agreed to, the platform was read and adopted, and a complete state ticket nominated.

Lieutenant Governor Lynn Bruce was renominated by acclamation.

On motion one ballot was cast for the renomination of John F. O'Brien for secretary of state, Morton E. Lewis for comptroller, J. G. Wallenmeyer for state treasurer, H. A. Van Alstyne for state engineer and surveyor and Julius M. Mayer for attorney general.

Ex-Lieutenant Governor Timothy L. Woodruff of Kings county was elected chairman of the state committee, succeeding ex-Governor B. B. Odell, Jr.

The speech of the permanent chairman was largely a review of state conditions.

General Stewart L. Woodford, former United States minister to Spain, reported from the committee on resolutions, of which he was chairman. He read the platform and emphasized the cardinal features of Republicanism and the features of its party administrations both state and national. Mention of President Roosevelt evoked applause.

Brevity was an appreciated feature of the nominating speeches, while the principal speech, in which Job Hedges of New York county placed Charles E. Hughes in nomination for governor, was the most interesting event.

## SPEAKER CANNON IN MISSOURI.

Talks in Favor of the Tariff at St. Joseph.

St. Joseph, Mo., Sept. 27.—Speaker Joseph G. Cannon spoke to an audience here Wednesday afternoon which overflowed the theater. Congressman James Watson of Indiana spoke briefly.

In an interview given out here Mr. Cannon said the Democrats who declared Roosevelt to be the best Democrat who ever sat in the White House are like the devil when he offered Christ all the kingdoms of the earth if the Savior would do his bidding. "The devil claimed all the earth, but he did not own a damn foot of it," said Cannon.

The speaker devoted the greater part of his speech to an argument in favor of tariff. He said William J. Bryan in his wisdom is like many other eloquent, magnetic but misguided men of history, dangerous to society and government.

#### VICTIM IS IDENTIFIED.

Joseph Benes the Man Who Was Murdered in New York.

New York, Sept. 27.—Mrs. Josephine Benes satisfied the police Wednesday evening that the victim of Sunday's butchery in West Thirty-sixth street was her husband, Joseph, who deserted her four weeks ago. The head of the dismembered body is still missing but identification seemed positive from peculiarities of the hands and feet as well as birth marks on the body. Benes was thirty-five years of age and employed in a carriage factory on Forty-seventh street.

According to his wife he was a sober and industrious man and so far as she knew had no enemies. When he left home he carried with him some \$22 in cash and a bank book representing deposits of \$400. The Benes are Armenians.

Mr. Hearst was nominated with 309 votes, only 226 being necessary for a choice. Congressman William Sulzer received for governor 124 votes and John A. Dix of Washington received the complimentary vote of 17 delegates, making 450 in all.

Lieutenant Governor Lynn Bruce was renominated by acclamation.

On motion one ballot was cast for the renomination of John F. O'Brien for secretary of state, Morton E. Lewis for comptroller, J. G. Wallenmeyer for state treasurer, H. A. Van Alstyne for state engineer and surveyor and Julius M. Mayer for attorney general.

Ex-Lieutenant Governor Timothy L. Woodruff of Kings county was elected chairman of the state committee, succeeding ex-Governor B. B. Odell, Jr.

The speech of the permanent chairman was largely a review of state conditions.

General Stewart L. Woodford, former United States minister to Spain, reported from the committee on resolutions, of which he was chairman. He read the platform and emphasized the cardinal features of Republicanism and the features of its party administrations both state and national. Mention of President Roosevelt evoked applause.

Brevity was an appreciated feature of the nominating speeches, while the principal speech, in which Job Hedges of New York county placed Charles E. Hughes in nomination for governor, was the most interesting event.

## UPHELD BY KAULBARS.

Morons of Counter Revolution Sanctified by Russian Official.

Odessa, Sept. 27.—Replying to a deputation of municipal officials who complained of the violence daily committed by members of the League of the Russian People against Jews and Christians alike, Governor General Kaulbars said that the preservation of order concerns the police, but he personally doubted whether it is possible or even desirable to attempt to suppress the exasperation of loyal elements among revolutionary students, who are guided exclusively by Jews. "These loyal elements include the emperor's best sons," he said, "whom the government esteems its most dutiful citizens."

Dismayed at these expressions, the municipal officials suggested that the victims are mostly defenseless inhabitants who are not concerned in the revolution, to which General Kaulbars replied that he regretted that this was the case, but he must say that the population was thus punished for tolerating revolutionists among them instead of delivering them to justice.

"I do not think there will be fresh outbreaks," said Governor General Kaulbars, "but in the event of the assassination of even one member of the League of Russian People, Odessa will be inundated in blood."

The deputation thereupon retired.

The tone of Governor General Kaulbars' speech, which it regarded as an open expression of approval of the horrors of counter revolution, has created much alarm. While no gathering of Liberals is permitted, the League of the Russian People is establishing without hindrance ten meeting places for its propaganda.

The Christian labor organizations have issued a proclamation declaring that in the event of a fresh outbreak they will defend the Jews with their last drop of blood.

Hall's Catarrh Cure is taken internally, acting directly on the blood, and removing the surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.

The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case it fails to cure. Send a specimen of your disease to Dr. Hall, 100 W. 12th Street, Toledo, Ohio. Sold by druggists, 75c.

## Whose Say-so is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest solely on their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Amongst these writers we find such medical lights as Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago; Prof. Hale, of the same city; Prof. John M. Scudder, of Philadelphia; Prof. John King, of Cincinnati; Dr. Grover Coe, of New York; Dr. Bartholow, of Jefferson Medical College, of Pa., and scores of others equally eminent.
